EDUCATION

Institute of Aeronautical Engineering, Hyderabad, India	Aug 2023 – Present
<i>B.Tech in Electronics and Communication Engineering</i>	CGPA: 8.1 / 10
Narayana Junior College, Hyderabad, India	June 2021 – May 2023
<i>Intermediate (MPC)</i>	GPA: 9.5 / 10
Poornima Vidya Niketan High School, Hyderabad, India	June 2020 – March 2021
<i>SSC (10th)</i>	GPA: 10 / 10

SKILLS

Programming Languages	Java, SQL, HTML, CSS, JavaScript
Frameworks & Libraries	Spring Boot, React.js, Bootstrap
Tools	Git, GitHub, Maven, VS Code, MySQL Workbench, Eclipse
Concepts	REST APIs, MVC Architecture, CRUD Operations, Authentication & Authorization, Database Connectivity, OOP, Data Structures & Algorithms

PROJECTS

Restaurant Booking System	Feb 2025 – Apr 2025
- Developed a full-stack restaurant booking system allowing users to search restaurants, view menus, reserve tables, and manage bookings online. - Implemented secure user authentication, real-time table availability, and admin features for handling reservations and customer details. - Designed responsive UI and integrated backend REST APIs with MySQL database for smooth end-to-end functionality. - Technologies: Java, HTML, CSS, JavaScript, Bootstrap, Spring Boot, MySQL - Concepts: CRUD, Auth & Authorization, MVC Architecture	
Startup Team Finder	Sep 2025 – Nov 2025
- Built a startup team finder platform connecting entrepreneurs, developers, designers, and investors to form collaborative startup teams. - Implemented user profiles, skill-based matching, team creation, project posting, real-time chat, and collaboration requests. - Designed secure role-based authentication and responsive interfaces integrating Spring Boot backend with React.js frontend. - Technologies: Java, React.js, Spring Boot, MySQL, REST APIs - Concepts: Role-Based Access, Real-Time Communication.	

CERTIFICATIONS

• Java Programming - GeeksforGeeks	2026
• MySQL Database - Infosys Springboard	2026
• Front End Development - Infosys Springboard	2026
